

Totalizer „RTR“ for RCDL meters

For RCDL M25-EU

For RCDL M25, M35 and M40

For RCDL M120 and M170

Features

- Magnetic coupling
- Modular
- Waterproof
- FET pulse output

Technical data

Meter type	Pointer sweep [Liter]	Smallest graduation [Liter]	Totalizer capacity [m ³]	Resolution PPL
M25	10	0,1	9999,99	0,1
M25	100	1	99999,9	0,1
M35	100	1	99999,9	-
M40	100	1	99999,9	0,1
M70	100	1	99999,9	0,1
M120	1000	10	999999	0,01
M170	1000	10	999999	0,01

Max. temperature	-40° / +50 °C
Diameter of display	60 mm
Protection class	IP 68
Pulse output	FET open drain
Max. switching	30 VDC / 1 mA
Pulse duration	8-75 ms / +25°C 15-75 ms / 25°C
On state resistance	7,5 Ohm / 25°C

Description

The hermetical capsulated, dust and waterproof non-resettable totalizer with pulse output is magnetically coupled with the meter. No stuffing box.
