

BROVIND CB_01

Controller for Vibratory Feeders

- DIN rail mounting or enclosed version
- 3000 or 6000 osc/min
- High stability to fluctuations on the power supply line.
- 115V or 230V selectable voltage.
- Start / Stop with standard PNP proximity

or volt-free contact

- Soft Start
- Easy to connect with pluggable terminal block

FEATURES

Supply Voltage	115/230VAC selectable 50/60Hz
Frequency	Half (3000 osc/min) or Full (6000 osc/min)
Output Current	0.1 - 6A @ 45°C
Remote ON / OFF	Standard PNP or volt-free contact
Type of enclosure	Plastic housing plus clear polycarbonate cover for DIN Type. Heavy-duty aluminium box for closed type
Power ON Soft Start	0.8 sec
ON /OFF Soft Start	20 ms
Command	10 KOhm linear potentiometer , 0-10V signal 0-20 mA
Size	DIN type: 115x85x80 Aluminium BOX 138x115x65
Protection Level	DIN type: IP20 Aluminium box: IP54
